

Insights Release: Live Feed

October 2020

Live Feed Product Highlights

- Quick access to see all workflows and more details in one place
- Drill down capabilities by stop jobs, interventions, flags
- Search by Name to see comprehensive view of a selected user's workflows
- Enhanced Photo Feed
- Additional date filters
- Filter by workflow type and status

The screenshot displays the ANVL 'LIVE FEED' interface. At the top, there are navigation tabs for 'DASHBOARD', 'LIVE FEED', 'WORK', and 'USERS'. Below the navigation, the user's group is identified as 'My Group: Customer Demo'. The main section is titled 'Workflows (73)' and includes a 'Clear All Filters' button and date filters for 'Today', 'This Week', and 'This Month'. A summary row shows 73 All Workflows, 6 Stop Jobs, 58 Interventions, and 8 Flags. Below this, there are dropdown menus for 'All Workflows' and 'Status', and a search bar labeled 'Search by name...'. The workflow list shows items like 'SCO-M-992 Job Hazard Assessment' and 'SCO-M-992 Near Miss' with status indicators (Complete, In-Progress) and completion dates. On the right, a 'Photo Feed' section displays '31 Photos' from 'Deployed Workflow(s)'. Callout boxes highlight key features: 'Filter by type of workflow enables review of one type of workflow' points to the status dropdown; 'Selectable buttons to drill down to stop jobs, flags and interventions' points to the summary row; 'Search by name provides easy access for audits and reviews' points to the search bar; 'List of workflows filtered based on selections above' points to the workflow list; and 'Photo Feed filtered based on selections' points to the photo feed.

Workflow Listings (1/2)

- Workflows displayed in chronological order with the most recent on top
- Live Feed defaults to displaying workflows from “Today” with no other filter selected
- Clicking on the workflow will take the user to the Workflow page with the details
- Icons indicate if the workflow has a stop job, flag or intervention
- Status shown next to date

The screenshot shows the ANVL Workflows (23) interface. At the top, there are navigation tabs: DASHBOARD, LIVE FEED, WORK, and USERS. Below the navigation, there are filter options: Clear All Filters, Today (selected), This Week, This Month, Custom Date, and All Time. A summary section shows 23 All Workflows, 2 Stop Jobs, 13 Interventions, and 1 Flag. A search bar is available with the text "Search by name...". The main list of workflows includes:

Workflow ID	Workflow Name	Status	Date
SC0-M-992 Job Hazard Analysis	Simco_Manufacturing Manufacturing Tech: Joe Brown	In-Progress	10/05/20
SC0-M-992 Initial Survey	Simco_Manufacturing Manufacturing Tech: Joe Brown	Complete	10/05/20
SC0-M-992 Initial Survey	Simco_Manufacturing Manufacturing Tech: Joe Brown	In-Progress	10/05/20
SC0-M-992 Log Safety Training	Simco_Manufacturing Manufacturing Tech: Joe Brown	Complete	10/05/20
SC0-M-992 Packaging Inspection	Simco_Manufacturing Manufacturing Tech: Joe Brown	In-Progress	10/05/20
SC0-M-992 Packaging Inspection	Simco_Manufacturing Manufacturing Tech: Joe Brown	Complete	10/05/20
SC0-M-992 COVID Screening Employee	Simco_Manufacturing Manufacturing Tech: Joe Brown	Complete	10/05/20

Callouts and annotations:

- List of workflows defaults to “Today”**: Points to the "Today" filter button.
- Icons indicate potential safety hazards**: Points to the hazard icon (a red circle with a white exclamation mark) next to the "Job Hazard Analysis" workflow.
- Workflows appear in chronological order**: Points to the date "10/05/20" for the "Job Hazard Analysis" workflow.
- Status of workflow**: Points to the status "In-Progress" for the "Job Hazard Analysis" workflow.
- Details displayed match the “Add Work” Details provided for each workflow**: Points to the workflow name "SC0-M-992 Initial Survey".
- Click to drill down to specific workflow**: Points to the workflow name "SC0-M-992 Initial Survey".

Workflow Listings (2/2)

- A right-arrow next to a workflow indicates there are photos or text that is associated with a stop job, intervention, or flag
- The arrow can be expanded to show the photos and text details
- The expanded details are listed in order of priority: 1) stop jobs, 2) flags and 3) interventions
- 25 workflows are displayed by default with the option to view more (mobile view is limited to 10)
- Navigating from the page resets the workflows displayed.

ANVL DASHBOARD LIVE FEED WORK USERS Welcome back, Darrell

My Group: Customer Demo

Workflows (85)

Clear All Filters Today This Week This Month 09/01/20 - 10/05/20 All Time

85 All Workflows 8 66 10

All Workflows Status

Showing 25 of 85

Simco_Manufacturing Manufacturing Tech: Joe Brown Complete 10/05/20
- SCO-M-992 Packaging Inspection
Simco_Manufacturing Manufacturing Tech: Joe Brown In-Progress 10/05/20

Quick Filter Buttons

- Selecting any of the Four Quick Filter buttons at the top of the page will filter and display the the workflows that meet the selected filters
- Selecting “All Workflows” will display that number of workflows below
- Selecting “Stop Jobs,” “Interventions,” or “Flags” will only display the workflows that are associated with at least one Stop Job, Intervention or Flag*

The screenshot shows the ANVL dashboard interface. At the top, there are navigation tabs for DASHBOARD, LIVE FEED, and WORK. A blue callout box points to the filter buttons, stating: "Select the Quick Filter buttons to filter for Stop Jobs, Interventions and Flags". Below the navigation, the user is logged in as "Darrell" and is viewing a "Customer Demo" group. The main section is titled "Workflows (7)" and includes a "Clear All Filters" button and a date range selector set to "09/01/20 - 10/05/20". There are four filter buttons: "All Workflows" (85), "Stop Jobs" (8), "Interventions" (66), and "Flags" (10). Below these are dropdown menus for "All Workflows" and "Status", and a search bar. A list of workflows is shown below, with the first three having status icons (red 'X' for incomplete, green check for complete). A blue callout box on the right states: "All of the workflows shown here have at least one Stop Job associated with them based on the Quick Filter above".

*Note: the total in the Quick Filter button may be different if the workflows have more than 1 Stop Job, Intervention or Flag.

Expanded Filter Functionality

- “All Time” date selector added for a comprehensive look of all workflows
- “Clear All Filters” resets all filters
- The “All Workflows” drop-down filters to only include the selected type of workflow
- The “Status” drop-down filters based on the status of the workflow -- complete, incomplete or in-progress
- Multiple filters can be selected at once and the workflows listed will adjust accordingly

The screenshot shows the ANVL Workflows dashboard. At the top, there are navigation tabs: DASHBOARD, LIVE FEED, WORK, and USERS. Below this, it says "My Group: Customer Demo". The main heading is "Workflows (141)". To the right of the heading are date filters: "Clear All Filters", "Today", "This Week", "This Month", "Custom Date", and "All Time". Below the heading are four summary cards: "1319 All Workflows", "161 Stop Jobs", "854 Interventions", and "167 Flags". There are two drop-down menus: "All Workflows" (set to "All Workflows") and "Status" (set to "Complete"). A search bar "Search by name..." is also present. The main list shows 25 of 141 workflows. Each workflow entry includes a workflow ID, name, location, technician, and status with a date. For example, "SCO-M-992 Job Hazard Assessment" is "In-Progress" as of 05/05/20, while "SCO-M-992 COVID Screening Employees" is "Complete" on 10/05/20. Callouts with blue arrows point to the "Clear All Filters" button, the "All Time" date selector, the "All Workflows" drop-down, the "Status" drop-down, and the "Complete" status in the workflow list.

Clear button provides quick and easy reset

Quickly see all workflows and then apply filters for comprehensive view

Select and filter for a specific workflow

Select Complete, In-Progress, or Incomplete to filter for workflow status

Search By Name

- One stop shop for reviewing a specific user's activity, including workflows, photos, stop jobs, flags and interventions
- Typing the first few letters of a name will prompt a list of names making it easy to find a specific person's workflows
- The counts displayed in the Quick Filter buttons up top will update accordingly to show stop jobs, flags and interventions for the selected user.

The screenshot displays the ANVL DASHBOARD interface. At the top, there are navigation tabs for 'Today', 'This Week', 'This Month', 'Custom Date', and 'All Time'. Below these are four Quick Filter buttons: 'All Workflows' (242), 'Stop Jobs' (50), 'Interventions' (162), and 'Flags' (15). A search bar is visible with the text 'Joe Brown' entered. A blue callout box points to the search bar with the text: 'Search by name provides easy access for audits and reviews'. Another blue callout box points to the Quick Filter buttons with the text: 'The totals in the Quick Filter buttons will match the totals for the selected user.' The main content area shows a list of workflows for 'Joe Brown', including 'Job Hazard Assessment', 'Initial Survey', 'Log Safety Training', 'Packaging Inspection', and 'COVID Screening Employees'. A 'Photo Feed' section is also visible on the right side of the dashboard.

Date Selector

- Date filters work in conjunction with all filters
- “Today” displays workflows from the current day (12am-11:59pm EST)
- “This Week” filters for the current week (Sunday 12am - Saturday 11:59pm EST)
- “This Month” filters for workflows from the current month*
- “Custom Date” enables the user to select the start and end date
- “All Time” displays all workflows created

The screenshot shows the ANVL dashboard interface. At the top, there are navigation tabs: DASHBOARD, LIVE FEED, WORK, and USERS. Below this, it says "My Group: Customer Demo". The main section is titled "Workflows (23)" and features a date selector with options: "Clear All Filters", "Today", "This Week", "This Month", "Custom Date", and "All Time". The "Today" option is currently selected. Below the date selector are four summary cards: "23 All Workflows", "2 Stop Jobs", "13 Interventions", and "1 Flags". A search bar labeled "Search by name..." is also present. The main content area displays a list of workflows, including "Job Hazard Assessment", "Initial Survey", "Log Safety Training", "Packaging Inspection", and "COVID Screening Employee". Each workflow entry shows its status (e.g., "In-Progress", "Complete") and a date (10/05/20). On the right side, there is a "Photo Feed" section titled "Displayed Workflow(s): 32 Photo(s)", showing a grid of images from the workflows.

Clear button provides quick and easy reset

Date selectors make it easy to establish a timeframe and then set additional filters for easy drill down into workflows.

The date selected above will apply to all additional filters

Photo Feed

- Provides easy access to photos that correspond with the list of workflows on the Live Feed page*
- “View Details” provides drill down to the specific workflow associated with the photo
- Icons displayed to show if the photo is associated with a workflow that had a stop job, flag, or intervention
- The name of the person who completed the workflow and the time stamp are displayed under the workflow

The screenshot displays the ANVL dashboard interface. At the top, there are navigation tabs for DASHBOARD, LIVE FEED, WORK, and USERS. The main content area is titled "Workflows (26)" and includes a filter section with buttons for "Today", "This Week", "This Month", "Custom Date", and "All Time". Below this, there are summary boxes for "26 All Workflows", "3" (with a red star icon), "15" (with a yellow exclamation mark icon), and "4 Flags". A list of workflows follows, each with a status icon (e.g., "In-Progress", "Complete") and a date. A "Photo Feed" section on the right shows a grid of photos. Three callout boxes provide additional context: one points to the workflow list header, another points to a "View Details" link, and a third points to a red flag icon on a workflow entry.

*Workflows listed based on all selected filters

Dashboard Actions and Insights

- See key alerts at a glance
- Click through to see details about stop jobs and unresolved flags
- Close out once reviewed so new notifications stand out

The screenshot shows the ANVL dashboard with the following elements:

- Navigation:** DASHBOARD (active), LIVE FEED, WORK, USERS.
- Alerts:** A list of notifications under the heading "Actions and Insights".
 - Notification 1: "169 flags are currently unresolved" with a "View Flags" button and a close "X" icon.
 - Notification 2: "161 stop jobs recorded" with a "Review Stop Jobs" button and a close "X" icon.
- Confirmation:** A modal window titled "Actions and Insights" displays a "Well done! You're all caught up." message and shows the two notifications from the list with green checkmarks, indicating they have been successfully closed.
- Charts:** A bar chart titled "Intervention Count" is visible below the modal.

Callouts on the image provide the following instructions:

- Alerts show Flags and Stop Jobs:** Points to the notification list.
- Click to see details on the Live Feed page:** Points to the "View Flags" button.
- Click "X" to close and remove notifications:** Points to the close icon on the "Review Stop Jobs" notification.
- Closing out notifications removes them from the page until new notifications are received.** Points to the modal window.
